Who We Are

WPG Americas Inc. is a member of WPG Holdings, a worldwide distributor of semiconductors passive, electromechanical and display products. From design to delivery, we harness the latest innovations from industry leaders and connect them with our leading-edge design engineers and supply chain services, offering a complete solution in support of your ideas.

Cree J Series Family of Lighting-Class LEDs

Expanded Portfolio of High Performance LEDs to Address a Broader Range of Lighting Applications

The J Series™ LEDs combine high efficacy and excellent value in a reliable package. The J Series LEDs are optimized for medium density lighting applications where high efficacy and long lifetime are critical, such as street lights, outdoor area and indoor directional lights. Offering color options aligned to Cree's EasyWhite® bins, the J Series LEDs are available in 2700K - 6500K with high CRI and multiple voltage selections in an industry-compatible size of 5.0 mm x 5.0 mm.

CREE 
AUTHORIZED DISTRIBUTOR

To find out more about Cree J Series LED's as well as their full product line, visit www.wpgamericas.com/cree or contact a WPGA specialist today!
